

Come join the Community Recreation Team at the Adventure Zone, where we will conduct different science experiments. All supplies and directions will be provided. Experiments range from volcanoes and exploding sidewalk chalk to growing gummy bears. Check our monthly program calendar for more details on what experiments will be done each week.

For more information call, 410-326-2964.

This program runs Memorial Day to Labor Day. Program will be canceled if participants are not present 15 minutes after the start time.

Program subject to cancellation or relocation and modification due to weather conditions and COVID requirements.
